

Ann-Marie Clements

I've lived around the world : in Italy as a young child and in China, Kuwait, and the United Arab Emirates. I've been an international school principal in several countries overseas and have been an educator in both the United States and Canada. I would like to put my experience to work at SCANS.

I have an Ed.D. in Educational Leadership, M.S in Special Education , and a B.S. in General Sciences, with minor in Sociology.
